

USING THE TV

HELP !

SET UP

Please be aware that the TV has, for transportation and stability a bungie cord at the rear.

Please ensure this stays attached and when in use the TV is clipped into the bracket.

POWER

Turn the power on from behind the TV, the switch is located at the rear and marked TV

Using the remote, located in the box in the storage area turn on the TV

DISPLAY

The TV will find it's own source but if it does not use the remote and SOURCE to find the correct one.

DUEL DISPLAY

You can have different devices on both the projector and TV, e.g. the lap top on the TV for enquiries and the projector showing a film
